

Elite's LED Track collection has the qualities of a true "Green" Product: energy efficiency, low emission, long life and no negative environmental impact. It's excellent for retail, commercial and residential applications. Elite's LED Track collection is the perfect solution for your eco-friendly lighting needs.

If reducing glare while maintaining peak performance is your goal, you'll achieve that with our ET-LED-401. Our baffle optic design will enhance any space by distributing light evenly, while minimizing unwanted glare and brightness. With over three different optic choices, you have the flexibility to design around your needs.

Elite LED Track Collection

The ET-LED-401 LED Track Fixture offers energy-efficient accent lighting. It provides 50,000 hours of lamp life and a consistent lumen output. With only 10 watts of power consumption, it is the ideal choice for saving energy and lowering energy costs. The fixture is made of premium-grade, die-cast aluminum to protect the components.

These fixtures are excellent for retail display, residential accent lighting and illuminating art galleries.

I-CIRCUIT TRACK

- Single circuit
- Extruded aluminum body
- Insulated solid 12-gauge copper
- Rated for maximum of 2400 watts
- Visual polarity groove
- Compatible with most 3-wire systems
- Easy Relocatable fixture head

ET2	2 FT. TRACK
ET4	4 FT. TRACK
ET6	6 FT. TRACK
ET8	8 FT. TRACK
ET12	12 FT. TRACK

Color:
 WH = White BK = Black SN = Satin Nickel

The lever must be placed at the lower position, when the track head is intended to be use in a one-circuit track system.

2-CIRCUIT TRACK

- Double circuit
- Extruded aluminum body
- Insulated solid 12-gauge copper
- Rated for maximum of 2400 watts
- Visual polarity groove
- Compatible with most 3-wire systems
- Easy Relocatable fixture head

ET2002	2 FT. TRACK
ET2004	4 FT. TRACK
ET2006	6 FT. TRACK
ET2008	8 FT. TRACK
ET2012	12 FT. TRACK

Color:
 WH = White BK= Black SN = Satin Nickel

The lever must be placed at the upper position, when the track head is intended to be use on the second-circuit of the track.

TRACK-CIRCUIT LIMITER

Features and Benefits

- Center & End Feed capable.
- Seven breaker sizes are available.
- Can be utilized on hard or grid ceilings.
- Can be used with pendant suspended track.
- Breaker can be used as an on-off switch.
- Meets Title 24 requirements.
- cULus Listed.
